

NewLine cartridges, water filters

Modern filter cartridges (twist in) **easy to use, convenient and esthetic.**

These cartridges can simultaneously **serve as filters and housings** - they do not require any additional housing. They can be combined in various sets as filtering systems.

They can be **applied comfortably, quickly and without usage of any special tools.** Such technology allows to use this kind of filters in wide spectrum of applications.

- AC-PP-10-5-NL - sediment cartridge
- AC-GAC-10-NL - activated carbon cartridge
- AC-SC-10-NL - sediment & activated carbon cartridge
- AC-GAC-10-NL-M - activated carbon & mineraliser cartridge
- AC-H-10-NL - ultrafiltration cartridge
- AC-GAC-ANM-10-NL - activated carbon & active nanoclusters cartridge
- AC-PP-ANM-10-NL - sediment & active nanoclusters cartridge
- AC-PP-GAC-ANM-10-NL - activated carbon, sediment, active nanoclusters
- AC-CSR-10-NL - softening cartridge
- AC-NSR-10-NL - nitrate removing cartridge
- AC-MB-10-NL - mixed bed cartridge
