Simple and functional technologic solutions, ensures high performance and reliability.

- INOX Tanks**  
Water tanks in polished stainless steel; cold water tank is inspectionable.
- Simplified maintenance**  
The absence of silicon pipes avoids periodic replacement and simplifies sanitizing procedures.
- Hygienic system**  
Air entering the bottle is filtered to preserve the original quality.
- Water dispensing**  
"Push type faucets". Hot water safety button as standard.
- Cup dispenser**  
Side mounted cup dispenser. Capacity 120 pcs.
- Drainage**  
The drip tray is pre-arranged to be connected to the drain.

White/Grey

				usg/h	dimensions
YUMI A				22	34x34,7x110,3 cm
YUMI H				22,5	34x34,7x110,3 cm

## OPTIONAL

- Conversion into point of use**  
The conversion kit allows to convert the cooler from a bottled to a point of use water dispenser, and vice versa, at any time.
