

Well being Life Style

PRODUCT INTRODUCTION

*THE MORE YOU LOOK AT OUR PRODUCT,
THE MORE YOU FEEL OUR PREMIUM QUALITY, ELEGANT DESIGN*

CIW1003

Water Purifier for drinking cool & hot water through much enhancing water purification function by adopting Nano Membrane Filter

COMPACT TYPE WATER PURIFIER **POTI nano+** with hot & cool water supplying function

While convenience of using cool and hot water is maintained, Utilization of space is up due to compact size

- Adopting real Nano Membrane Filter—with processing of precise size of 1/10000 of hair size, virus as well as bacteria are completely removed!!! (99.9% of noro virus are removed)
- Much better quality water through 3filters and 6stages filtering system
- 24cm super—slim compact size convenient for even narrow kitchen space
- Hot water & cool water switch are separate—no waste of electric power
- Adopting stainless water storage tank with strengthened sanitation

■ Specification

| MODEL | COLOR | FILTERING METHOD | STORAGE TANKVOLUME | WEIGHT | SIZE |
|---------|-----------|--------------------------------|----------------------------------|------------------------------|--------------------------|
| CIW1003 | RED/WHITE | NF METHOD 3FILTER / 6STAGES | Cool Water :1.5L Hot Water :1.2L | ABOUT 15KG(Including filter) | 240(W) X 460(D) X 460(H) |

NOW, WATER PURIFIERS ARE SCIENTIFIC

POTI nano HAVE WATER PURIFICATION SYSTEM WITH 3FILTER & 6STAGES FILTERING SYSTEM

- 1. COMPLEX FILTER** (4Steps—Sediment, Silver—Coated activated carbon, Ceramic Ball)
 - It is 1st step of filtering to remove suspected solids such as very small particular dust, sand, rust sediments of water pipe, and organic chemicals and bad smells such as residual chlorine, gas, etc
- 2. POST CARBON FILTER** (Granulated Activated Carbon)
 - It enhances tastes of water by absorbing and removing organic chemicals and smells such as residual chlorine and chloroform contained in water
- 3. NANO MEMBRANE FILTER**
 - It is the main filter to filter impurities and fine materials harmful to humane body which is not filtered in pretreatment process.

3filters and 6filtering stages with composite structure by step shows excellent water purifying performance

FDA U.S. Food and Drug Administration

NSF Certified, FDA Approved, Technical co-operation with Swiss VF GmbH.

CIW9200

Water Purifier for drinking cool & hot water through enforcing the economical by equipping with the wireless electric pot

POTI nano

By adopting super-slim size and real Nano Membrane Filter, 99.9% of virus as well as bacteria will be removed

- Adopting real Nano Membrane Filter—with processing of precise size of 1/10000 of hair size, virus as well as bacteria are completely removed!!! (99.9% of noro virus are removed)
- 24cm super-slim compact size convenient for even narrow kitchen space
- By using pot only when you want hot water, you will end wasting standby power
- Much better quality water through 3filters and 6stages filtering system
- You can wash at any time by replacing hot water tank with pot

■ Specification

| MODEL | COLOR | FILTERING METHOD | STORAGE TANKVOLUME | WEIGHT | SIZE |
|---------|-----------|--------------------------------|-----------------------------------|--------------------------------------|--------------------------|
| CIW9200 | RED/WHITE | NF METHOD 3FILTER / 6STAGES | Cool Water: 1.2L, Hot Water: 1.2L | ABOUT 15.8KG(Including filter & pot) | 240(W) X 460(D) X 460(H) |

CIW1002

Water Purifier for drinking the pure sanitary water and hot water by designing to supply the tap water directly without cool water storage tank

COMPACT TYPE WATER PURIFER

POTI nano

with the hot water & sanitary water

Prevent the bacteria, virus breeding and remove the water contamination environment entirely by adopting the tap water direct feeding system

- Adopting real Nano Membrane Filter—with processing of precise size of 1/10000 of hair size, virus as well as bacteria are completely removed!!! (99.9% of noro virus are removed)
- Much better quality water through 3filters and 6stages filtering system
- Drink the purified sanitary water through filtering the tap water by adopting the tap water direct feeding system

■ Specification

| MODEL | COLOR | FILTERING METHOD | TANK VOLUME | WEIGHT | SIZE |
|---------|-----------|--------------------------------|---|-----------------------------------|--------------------------|
| CIW1002 | RED/WHITE | NF METHOD 3FILTER / 6STAGES | Unlimited Purified Water Hot Water: 1.2L | ABOUT 4KG(Including filter & pot) | 240(W) X 460(D) X 460(H) |

CIW6000

**Cheil Aqua Digital Water Purifier for Cool & Hot water
by offering by one touch sensor for all functions**

DIGITAL HOT & COOL WATER

Elegant design and people can drink cool and hot water with desired temperature by choosing the temperature by 1°c each freely

- Built-in water purifier by adopting the elegant tempered glass and it create a graceful kitchen atmosphere
- A safety coke for hot water prevents burn accidents for children
- Easy-to use on touch buttons allows convenient use for everybody
- Better water for human body by 4filter purification system

■ Specification

| MODEL | COLOR | FILTERING METHOD | STORAGE TANK VOLUME | WEIGHT | SIZE |
