Your Water. Perfected.

EVOLUTION Duo ED

Enjoy soft water where space
is at premium!

The most efficient and flexible water softener,
designed to fit every home.

Open up a whole new dimension

eVOLUTION Duo ED

Efficient & Economical

Your DUO ED water softener has plenty of autonomy.

Its **unique technology** makes it **most salt efficient**. With only one salt refill per month it provides you with soft water according to your needs.

The **most economical compact softener** on the market.

Efficient. Maximum efficiency due to its exclusive water distributor.

Powerful. Up to 3 days of autonomy for a family of 3*.

Flexible. Different mounting options and simple to use.

Convenient. Only 1 salt refill per month.

*30°f, with 145 L/day/person

Convenient

The technologically advanced controller allows **manual, automatic** or **scheduled regeneration**.

An additional **electronic disinfection-cell** for perfectly hygienic resin-bed **is available**.

The **low salt LED indicator** informs you when a refill is needed, for an easy management.

Peace of Mind

The DUO ED **dry salt tank** ensures **better safety and lower maintenance**. All services can be carried out by your EcoWater expert.

Compact & Flexible

Compact: the two separable units allow a minimized footprint and simply fit neatly into any space.

Flexible: This versatile water softener allows multiple mounting options such as side by side, one above the other, etc...
